Season changing
Another year goes by too slow
Blurry memories
Must be getting old
Too much pot and heroine
Too much crack and coke
I am waiting- devastating oh

Anytime at all
Just hear this song
Any days too long
Just turn it on
With or without me holding you at all
Anytime at all
Just hear this song
Any days too long
Just turn it on
With or without me holding you at all

Take a pink one
Pick a red one Sir Devil
Give me a reason
To be standing tall
Could you wake me from misery
Don't wanna be alone
Walls are closing I am floating oh

Anytime at all
Just hear this song
Any days too long
Just turn it on
With or without me holding you at all
Anytime at all
Just hear this song
Any days too long
Just turn it on
With or without me holding you at all
