I put a spell on you, 'cause you're mine  
You'd better stop those things that you're doin'  
Oh, honey, I ain't lyin', no  
Wow, you better quit it, your messin' around  
You better quit it, your foolin' around  
I put a spell on you, wow, cause you're mine  
It serves you right to suffer  
It serves you right to be alone

Oh, you forever live the day I done packed and gone  
(?)  
Oh you better kick it before it kicks you  
Oh, you better quit it, it's true  
I put a spell on you, wow, cause you're mine, mine,  
mine  
You better quit it, your foolin' around  
You better quit it, kick it, .... , oh you're messin' around  
I put a spell on you, you, cause you're mine
