Hold me up baby for I may fall

Hold my dish-rag body tall

Our bodies melt together (we are one)

Post crucifixion baby, and A LITTLE undone.

It's a wild world

Church bells ring out the toll of our night

Forward and forever backward

Forever backward forever forward alright

Strophe and antistrophe strophe and antistrophe

Antistrophe antistrophe

(C'mon baby, hold me tight)

Up here in your arms tonight.

Don't push me

Don't push me

It's a wild world.
