"Pour yourself a strong drink" she said, thats all I
needed
Have a seat with a cold trick that spun for days with out
you
Turn around theres a new spring that shifts the weight
of wanting
Empty ships will slow

Sink themselves in blue and chasing
And chasing
Sink themselves in blue and chasing
And chasing

Follow through with a strong swing I'm told, saw stars
forever
Walk around with a slow step, behind that street's gone
nowhere
Take a bow you can fly far with all that luck your saving
Empty ships will slow

Sink themselves in blue and chasing
And chasing
Sink themselves in blue and chasing
And chasing
Don't you want to fly?

Sink themselves in blue and chasing
And chasing

Put it down, you're all done for now lets walk in wonder
Take a dive in a clear thought, slow down say help I'm
shaking
Change your name to a lost, 'cause tuned out for years
left sailing
Empty ships will slow

Sink themselves in blue and chasing
And chasing
Sink themselves in blue and chasing
And chasing
Don't you want to fly?
