With so little to give
So little to give

On my side, I can't deny
I see your face in the back of my mind
And in between every scene
There's a spot where she's kissing me

Burning fire twilight all night

Everywhere that I stare
Only see roads leading to nowhere
In the end I'm just a friend
Whose song is just slowly drifting away again

I'm asking a lot
For someone who's got
And I'm asking a lot
With so little to give
So little to give

You know I love you
Are the last words
