I'll be your worst nightmare
I'll be your sweetest dream
I'll be the one who loves you
You'll be the one who cares for me

Down where the road's where it's
There where the seas are undry

You try to change me
No matter how hard you try

Just when you think I'm yellow,
I'll be blue already green
Or something else there in between

Baby...
I'll be, I'll be the stars, I'll be the moon
I'll be, I'll be November, I'll be June
I'll be and I will always be myself
I never need anyone to tell me who I am
I'll be

And you can stop the thunder
Yeah you can smile away the rain
You can do it al in wonder
Why can't I change it in a day
Just when you think you hit me
You missed me by far and high

You try to change me
No matter how hard you try

Just when you think I'm yellow,
I'll be blue ready green
Or something else there in between

Baby...
I'll be, I'll be the stars, I'll be the moon
I'll be, I'll be November, I'll be June
I'll be and I will always be myself
I never need anyone to tell me who I am

Just when you think I'm yellow,
I'll be blue ready green
Or something else there in between

Baby...

I'll be, I'll be the stars, I'll be the moon
I'll be, I'll be November, I'll be June
I'll be and I will always be myself
I never need anyone to tell me who I am

Baby...

I'll be, I'll be the stars, I'll be the moon
I'll be, I'll be November, I'll be June
I'll be and I will always be myself
I never need anyone to tell me who I am

No I never need anyone to tell me who I am
I'll be
I'll be the one for you, I'll be
I'll be the one for you, I'll be
