Whoa-oh-oh (4X)

Baby, baby, listen
I know that you miss him
But you can turn around
Just because I love you, baby

And when I come near you
I don't even know what to do - whoa-oh-oh

Chorus

Because every feeling you've got
Walk away with your heart
Let me know, let me know
Let me be the one to hold you
And if you're coming for more
I will give you for sure
Let me know, let me know
That I may be the one to hold you!

Whoa-oh-oh, whoa-oh-oh

With him you chose the wrong way
With me you'll come a long way
Together we will find the greatest treasure, baby
But when I come near you
I don't even know what to do, oh, oh, oh

Chorus

Babe, all that you need is a friend indeed,
a friend like me
And he made you cry before
Now you've got no place to hide no more

Chorus

Whoa-oh-oh (4X)

Let me be the one to hold you! (4X)
