CHAIN LINK FENCES

Words & Music by Nick Granato

People try to define, who stands where and on what side

But I've find when we draw lines someone just gets left behind

They come to you with false pretenses,

Truth is we can see right through them.

Transparent - intentionsâ€¦ Like hiding behind chain link fencesâ€¦

I've seen kings & queens, popes & presidents

Hide behind their words and palaces

Some pray, some make promises

They don't dare to see the consequence

Of what they said, or how they lead

The truth is you can see right through them.

Transparent - intentionsâ€¦ Like hiding behind chain link fencesâ€¦

They fill our heads with what they want, with all their propaganda Sometimes it's so hard to see, past their arrogant agendas,

But if you just look closer you will see it's an illusion,

Created to distract you with all of their confusionâ€¦

I've heard some say, they speak for God

Translate; what's right and wrong

They claim to know his every thought

They have they answers to it all,

They'll prey upon our self convictions

Look close, you can see right through themâ€¦

Transparent - intentionsâ€¦ Like hiding behind chain link fencesâ€¦

This world will try to redefine, separate and then divide,

But I say you best think twice, before you let them change your life,

They'll come to you, with false pretenses,

Truth is you can see right through them.

Transparent - intentionsâ€¦ Like hiding behind chain link fences

Transparent - intentionsâ€¦ Like hiding behind chain

link fences

Transparent - intentionsâ€¦ Like hiding behind chain

link fences
