Words & Music By  
Nick Granato

(V1)

Day after day, I hear the winds call,  
I yearn for the freedom beyond my hearts walls,  
I've lived within boundaries confined to this cage,  
Looking for a way to escapeâ€¦

(V2)

All I need is some courage to face all my fears,  
A glimmer of hope to drive away all these tearsâ€¦  
They say it's impossible, but I'm gonna try,  
Just give me the chance...watch me climbâ€¦

(Chorus)

Give me wings, I will fly,  
I will soar like an eagle, So free, so highâ€¦  
Break these chains, that have me bound,  
And I will take to the sky,  
And I'll never come down,  
No I don't care what tomorrow may bring  
I can dream, I can flyâ€¦ Give me wingsâ€¦

(V3)

Holding me back this world clings like a vine  
It tears at my roots and steals from my time,  
It's hard to determine all the damage it's done,  
But I can still make it, If I reach for the sun(Son)â€¦

(Chorus)

(Bridge)

I'll no longer be captive, once I sever these ties,  
There'll be nothing to stop me, I'll leave it behind and  
I'll flyâ€¦

(Chorus)
