V1

I've been known to take some chances,
I've been now to break some rules,
I've done some things that I regret
And I've been called a fool,
I've had my share of heartaches,
And I have had some fun,
And there's been times I should have stood my ground,
Instead I turned to runâ€¦

Chorus

And all my life I've been learning how to live,
Exactly what to take, versus how much I should give,
And through it all, we're gonna find out in the end,
Then it all comes down to love,
When you're learning how to liveâ€¦

V2

There are those that claim the answer,
But do they really know,
Or is it all just a mystery,
That only seems to grow,
There's been many disappointments,
And many victories,
But when it's all been said and done,
Do we all know where we'll beâ€¦

Chorus

Bridge

The lessons that I've learned
In this life just make me strong
And I find, there's a real thin line
Between what's right and wrongâ€¦

Chorus
