Nick Granato

V1

I met an old man down by the sea,
He said everything around you is within your reach,
Oh but you've gotta watch, don't turn your back on the
sun,
Cause when those blue skies turn black, boy you'd
better run
Just like life, those hurricanes come
They'll send you flying, back to where you came
fromâ€¦.

Chorus

That's just the way the wind blows, that's the way the
story goes,
Up and down we all coast, in and out with the tide
That's just the way the wind blows, take your chances
and find,
That nobody really knows, That's just the way the wind
blowsâ€¦.

V2

I thought about what the old man had said,
I considered his wisdom and where he had been,
I asked him how he'd made it this far
He smiled and said I was once where you are
Oh but just like life, the wind spun me around,
And son I've lost more, than I've ever foundâ€¦.

Chorus

Bridge

He said life's never easy, there's gonna be rain,
You've got to be ready to weather the change,
Don't find yourself adrift in the breeze,
Son, never forget to anchor your dreamsâ€¦!

V3

I met an old man down by the sea,
He spoke about God and love and inner peace,
He said, first know yourself, start by looking within,
And don't ever regret, cause life was meant to be

livedâ€
Oh But just like the wind, life's so hard to explain,
You just do what you can, and let the rest changeâ€

Chorus
