I'm sorry that you're feeling sad tonight
I would like to help to make it all alright
But I don't want to push, I don't want to push you away

I pray that your dreams will all come true
I don't want to see you fall apart like I did
I can build a wall, I can build a wall around your heart

And it's ok to cry girl
It's ok to cry girl
And your dreams are all brand new

Today I lit a candle in his name
And though I've never met you I can feel your pain
And I can see you smile I can see you smiling again

But it's ok to cry girl
It's ok to cry girl
And your dreams are all brand new

I'm sorry that you're feeling sad tonight
I would like to help to make it all alright
But I don't want to push, I don't want to push you away

I'm inspired by people just like you
Life is always changing and you'll find out what to do
Love will find, love will find a way into your heart

It's ok to cry girl
It's ok to cry girl
And your dreams are all brand new
