They come and go  
But they don't know  
That you are my  
Beautiful

I try to come  
Closer with you  
But they all say  
We won't make it though

But I'll be there forever  
You will see that it's better  
All our hopes and our dreams will come true

I will not disappoint  
I will be right there for you  
Til the end, the end of time  
Please be mine

Ooh Ooh

I'm in and out  
Of love with you  
Trying to find  
If it's really true

Na, na, na, na

How can I  
Prove my love  
If they all think  
I'm not good enough

But I'll be there forever  
You will see that it's better  
All our hopes and our dreams will come true

I will not disappoint you  
I will be right there for you  
Til the end, the end of time  
Please be mine

Yea, ooohhh

I can't stop the rain from falling  
Can't stop my heart from calling you  
It's calling you  
I can't stop the rain from falling  
Can't stop my heart from calling you  
It's calling you  
I can't stop the rain from falling  
Can't stop my heart from calling you  
It's calling you

But I'll be there forever  
You will see that it's better  
But all our hopes, and our dreams will come true

I will not disappoint you  
I will be right there for you  
Til the end, the end of time  
Please be mine

Can't stop the rain from falling  
Can't stop my heart from calling you  
It's calling you  
Can't stop the rain from falling  
Can't stop my heart from calling you  
It's calling you
