She's seductive;  
she does it well.  
She'll charge you by the hour  
for a straight trip down to Hell

She'll direct you;  
you think you know.  
She's gonna let you go  
she's gonna let you go.

I'm not a lover,  
but I'm still concerned.  
The way you judge the fire  
means your heart could still get burned  
Then she'll want you  
that I know.  
She's gonna let me go  
gonna let me go.

See all those familiar faces  
crowded in my mind  
I know that now is not the time.  
Run around with someone else  
satisfy yourself, but don't fool me.  
Don'tcha let it be  
a state of emergency.

I pledge allegiance  
to the cause.  
She'll tell you that she's leaving

if you don't put your life on pause.  
She'll surprise you;  
make ya think you know  
She's gonna let you go

See all those familiar faces  
crowded in my mind  
I know that now is not the time.  
Run around with someone else  
satisfy yourself, but don't fool me.  
Don'tcha let it be

a state of emergency.

I know it's hard when love's unfair  
but that doesn't mean you shouldn't care  
Show me the way to reach your heart.  
Where do I start?

See all those familiar faces  
crowded in my mind  
I know that now is not the time.  
Run around with someone else  
satisfy yourself, but don't fool me.  
Don'tcha let it be  
don'tcha let it be  
a state of emergency.
