I never thought I would  
But I did it  
I never thought I could  
I did it like that  
I did it like this  
I did like everybody knows  
That we  
Got something real, shawty  
I know what I feel  
So shout it like that  
Shout it like this  
Listen up everybody knows  
But you  
Here it goes

'Cause I never really noticed  
It took awhile for me to see  
I'm playing back the moments  
Now, I'm starting to believe  
That you could be int he show  
And know everyone  
But you who makes me sing  
And I know where we are  
I know who I am  
Baby, I'm your biggest fan

Every time you smile for me  
Takes me awhile  
To bring myself back  
'Cause you're all that  
And I just had to let you know  
That I'm  
Screaming out in the crowd  
For ya  
I can't be too loud  
But I don't care  
I let them all stare  
I just want everyone to know the truth  
It's only you

'Cause I never really noticed  
It took awhile for me to see

I'm playing back the moments  
Now, I'm starting to believe  
That you could be in the show  
And know everyone  
But you who makes me sing  
And I know where we are  
I know who I am  
Baby, I'm your biggest fan

Showed up, and you look so classy  
Made me think twice about the way I was acting  
You were real from the start of it all  
Like a dream came to life  
Now, I'm left in all

Stars shine, but your light is the brightest  
And love flies, but your love is the highest  
You're so sweet that it drives me crazy  
A summer like no other  
You're my LA baby

No, I never really noticed  
It took awhile for me to see  
I'm playing back the moments  
And I'm starting to believe  
That you could be in the show  
And know everyone  
But you who makes me sing  
And I know where we are  
I know who I am  
Baby, I'm your biggest fan  
Baby, I'm your biggest fan

That you could be in the show  
And know everyone  
But you who makes me sing  
And I know where we are  
I know who I am  
Baby, I'm your biggest fan
