Satellites blasting through the universes
It's outta sight
It's all in my head
Saw your eyes
Sending me a message for the last time

Here alone
Holding on to something that I've never known
It's all in my head
I've crossed the line
There's no going back and there's no future

Tell me this isn't happening

She said she said
Said she wants to marry me
It's all in my head
That's just not reality
It's over it's over
Cause she said it's all in my head ..(cause she said she
wants to marry me)
It's all in my head ..(got my own take on reality)

Here on earth
She don't even wanna talk there
Are no words
It's outta my hands
So why, why ..(why)

Tell me this isn't happening

She said she said
Said she wants to marry me
It all in my head
That's just not reality
It over it's over
Cause she said it's all in my head ..(cause she said she
wants to marry me)
It's all in my head ..(got my own take on reality)

Someone wake me up when she calls me ..(when she
calls me)

It's like I've been asleep
And she's gone ..(It's like I've been asleep and she's
gone)
Someone let her know
I'm not breathing
Tell me this isn't happening
Tell me this isn't happening

She said she said ..(she said)
Said she wants to marry me
It all in my head ..(All in my head)
That's just not reality
It over it's over ..(It's over)
Cause she said it's all in my head

She said she said
Said she wants to marry me ..(It's all in my head)
It all in my head
That's just not reality
It over it's over
And she said It's all in my...

All in my head
All in my head ..(It's all in my head)
All in my head.. (Oh) x6
