Can you get it, can you get it too?
Can you get it, can you get it too?
Can you get it, can you get it too, baby?
Can you get it, can you get it too?

Sometimes I don't know, where do I go
And who do I turn to
'Cause you, you've found something new
At somebody who makes you feel so awful

So tell me this time
'Cause you know I'm losing my mind
Is the feeling mutual?
'Cause I, I just gotta know, I gotta know, tell me

(Could u love?)
I get my heart in this thing
(Would u love?)
If I give my best thing
(Could u love?)
Here's the question
(Could u love me?)
Could u love me?

(Could u love?)
I leave myself wide open
(Would u love?)
And it's sad I'm hoping
(Could u love?)
These words unspoken
(Could u love me?)
Could u love me?

I, I can't hesitate
'Cause now it's too late
Just look what you've done to me

So tell me this time
Don't you know I'm losing my mind?
Is the feeling mutual?
'Cause I, baby I just gotta know, I gotta know, and tell
me

(Could u love?)
I get my heart in this thing
(Would u love?)
If I give my best thing
(Could u love?)
Here's the question
(Could u love me?)
Could u love me?

(Could u love?)
I leave myself wide open
(Would u love?)
And it's sad I'm hoping
(Could u love?)
These words unspoken
(Could u love me? Yeah)

Do you understand, I give you all I can
What more can I do?
Oh no no, I gotta let you know, I gotta let my feeling
show
But would you love, baby, could you love me, the way I
love you?

(Could u love?)
I get my heart in this thing
(Would u love?)
If I give my best thing
(Could u love?)
Well, here is the question
(Could u love me?)
Baby, tell me could u love me?

(Could u love?)
I leave myself wide open
(Would u love?)
And it's sad I'm hoping
(Could u love?)
These words unspoken
(Could u love me?)

(Could u love?)
(Would u love?)
Would u love me?
(Could u love?)
Oh, baby
(Could u love me?)
