"Don't Shut Me Out"

It's getting cold in here,
I can almost see my breath,
Like the words we said,
Frozen in the air,
Why don't we just forgive
It's not enough to just forget,
Why do you make me feel like you don't even care.

[Chorus:]

Don't Shut Me Out (..noo),
We've been so much to say,
Don't give up now (..noo),
That would be the easy way,
And lying here and it's like you don't feel anything,
and I believe the walls are closing in,
Don't Shut Me Out.

I so wanna touch your skin,
Will your body feel the burn,
Can we take the heat and will we ever learn,
Baby can't you see? It's not about who's right or wrong,
Open up that door and out here on my own.

[Chorus:]

Don't Shut Me Out (..noo),
We've been so much to say,
Don't give up now (..noo),
That would be the easy way,
And lying here and it's like you don't feel anything,
and I believe the walls are closing in,
Don't Shut Me Out.

Cause every minute I keep pushing,
You keep pulling away (...yeeaah yeah),
And every time that we stop fighting,
You go hiding, it's not going to change,
You got to let me in.

[Chorus (Repeat 2x):]

Don't Shut Me Out (..noo),

We've been so much to say,
Don't give up now (..noo),
That would be the easy way,
And lying here and it's like you don't feel anything,
and I believe the walls are closing in,
Don't Shut Me Out.
