Paper houses and falling angels  
Sometimes you can't see in front of you  
Wasted moments tryin to be someone I  
Never wanted to be for you

But I feel my world comin back to life  
My eyes are finally open again  
And now I see it all in a different light  
Standing on the outside  
I'm finally on the outside looking in

Reaching out into unknown spaces  
With nothing left here to blur the view  
And now I know I've got to find  
This picture frozen in my mind  
Of a life I never knew

But I feel my world comin back to life  
My eyes are finally open again  
And now I see it all in a different light  
Standing on the outside  
I'm finally on the outside looking in

I'm tearing out the page  
Breathing for a change  
And it's so good  
To feel myself coming back to life  
I'm finally on the outside, I'm finally on the outside

But I feel my world comin back to life  
My eyes are finally open again  
And now I see it all in a different light  
Standing on the outside  
I'm finally on the outside looking in
