Paper houses,  
And fallen angels,  
And at time you can't see in front of you.  
Wasted moments,  
Trying to be someone I,  
Never wanted to be for you.

But I feel my world coming back to life,  
My eyes are finally open again.  
Now I see it all,  
It a different light,  
Standing on the outside,  
I'm finally on the outside,  
Looking in.

Reaching out into unknown spaces,  
With nothing left to blur the view.  
And now I know I got to find,  
This picture frozen in my mind,  
Of a life I never knew.

But I feel my world coming back to life,

My eyes are finally open again.  
Now I see it all,  
It a different light,  
Standing on the outside,  
I'm finally on the outside.

I'm tearing out the page,  
Breathing for a change,  
And its so good.

To feel myself coming back to life,  
I'm finally on the outside,  
I'm finally on the outside.  
And I feel my world coming back to life,  
My eyes are finally open again.  
Now I see it all,  
It a different light,  
Standing on the outside,  
I'm finally on the outside,

Looking in.
