Looks like another day,
Slipping through my window shade.
Chasing the dark away,
Seeking into my room again.
Are you a sad and lonely thing,
Come to steal my piece of mind.
The only peace I find,
Is pretending your that still laying next to me.

So why, why, why
The suns gotta shine, shine.
Why don't it just stay away?
Why do dreams have to fade,
Into all these shades of blue,
Where I wait for you.
Pray love reaches through,
All these shades, shades of blue.
Where you close your eyes,
Feel me by your side.
I will wait for you,
In all these shades of blue.

Thinking back on my mistakes,
I can't undo all the days that I misused.
I thought you that ya always stay.
Its hard to face the simple truth,
That time brings no relief,
And time is all you need you said,
Had to go clear out your head.
While your trying to decide if you'll come back to me.
Why, why, why
Do we have to cry cry cry?
Tell me why this has to be,
Why don't you give into me?
Baby...all these shades of blue,
Where I wait for you.

Pray love reaches through,
All these shades, shades of blue.
Where you close your eyes,
Feel me by your side.
I will wait for you,

In all these shades of blue.....

Why did you have to leave?
Why did you have to set me free?
Why did you have to go?

Why did you have to leave?
Why did you have to set me free?
Why did you have to go?

Baby...all these shades of blue,
Where I wait for you.
Pray love reaches through,
All these shades, shades of blue.
Where you close your eyes,
Feel me by your side.
I will wait for you,
In all these shades of blue.....

Here in all these shades of blue.
