You say you want me  
That you hate me  
Try to love me  
Wanna break me  
Guess I'm sleepin' on the couch again  
Used to know when u mean yes  
Is this a game, some kind of test  
Why can't we just

Turn off the light  
Forget how to fight  
Cause we got tonight

Cause  
When we take our clothes off  
Don't you know the world stops  
When we touch  
When we kiss  
When we shut up for a moment  
We are reminded by the one thing  
You and me, or nothing  
When we touch  
When we kiss  
When we shut up  
Don't say anything at all

You throw a glass at my head  
Straight up and down  
You want me dead  
I guess love is in the air tonight

Write my name  
Gotta pull your hair  
Next thing we know, no underwear

Now why can't we just  
Turn out the light  
Forget how to fight  
Cause we got tonight

Cause  
When we take our clothes off

Don't you know the world stops  
When we touch  
When we kiss  
When we shut up for a moment (turn out the light)  
We are reminded by the one thing (forget how to fight)  
You and me, or nothing (cause we got tonight)  
When we touch  
When we kiss  
When we shut up  
It just had to be you

When we take our clothes off (you...)  
Don't you know the world stops  
When we touch  
When we kiss  
When we shut up for a moment (It just had to be you)  
We are reminded by the one thing (you...)  
You and me, or nothing  
When we touch  
When we kiss  
When we shut up (shut up, shut up, shut up)  
Don't say anything at all

Use your tongue to wet your lips  
Touch 'em with your finger tips  
Don't say nothin'  
No  
Shut up, shut up, shut up, shut up  
Only wanna hear your breath  
Your sigh, your scream, your nothin' less  
Don't say nothin'  
No  
Shut up, shut up, shut up, shut up

Shut up

When we take our clothes off  
Don't you know the world stops  
When we touch  
When we kiss  
When we shut up for a moment (turn out the light)  
We are reminded by the one thing (forget how to fight)  
You and me, or nothing (cause we got tonight)  
When we touch  
When we kiss  
When we shut up  
It just had to be you

When we take our clothes off (you...)  
Don't you know the world stops (you...)  
When we touch

When we kiss  
When we shut up for a moment(Shut up, shut up, shut  
up)  
We are reminded by the one thing (yeah yeah eyeah...)  
You and me, or nothing  
When we touch  
When we kiss  
When we shut up (shut up, shut up, shut up)  
Don't say anything at all
