You're there by my side in every way  
I know that you will not forsake me  
I give you my life, would not think twice  
Your love is all I need, believe me

I may not say it quite as much as I should  
When I say, I love you darling that means for good  
So open up your heart and let me in

And I will love you until forever  
Until death do us part, we'll be together  
So take my hand and hold on tight  
And we'll get there, this I swear

I'm wondering how I ever get by  
Without you in my life to guide me  
Wherever I go, the one thing that's true  
Is everything I do, I do for you

I may not say it half as much as I should  
When I say I love you darling that means for good  
So open up your heart and let me in

And I will love you until forever  
Until death do us part, we'll be together  
So take my hand and hold on tight  
And we'll get there, this I swear

So whenever you get weary  
Just reach out for me  
I'll never let you down my love

And I will love you until forever  
Until death do us part we'll be together  
So take my hand and hold on tight  
And we'll get there

And I will love you until forever  
(And I will love you)  
Until death do us part, we'll be together  
(Until death to us part, I'll be there for you)

So take my hand and hold on tight  
(So take my hand and hold on tight)  
And we'll get there, ohh, we'll get there  
And this I swear
