Are you there  
Are you gone  
Do you care  
Is anybody home  
Cause something's lost  
In your eyes  
Are you blind  
Caught up in the lights

[bridge]  
Who you gonna call  
When they're coming after you  
Where you gonna crawl  
When your fantasy's through

[chorus]  
Tell me  
Do you really know me  
Do you really see me  
Did you forget you're fighting on your own  
You are not alone  
When your sky is falling  
When your pain is calling  
Don't forget I will take you home  
You are not alone

When you crash  
When you burn  
Are you scared  
Will you ever learn  
Cause there's a price  
That you pay  
You realized

Tomorrow's another day

[bridge]  
Who you gonna call  
When they're coming after you  
Where you gonna crawl  
When your fantasy's through

[chorus]  
Baby  
Do you really know me  
Do you really see me  
Did you forget you're fighting on your own  
You are not alone  
When your sky is falling  
When your pain is falling  
Don't forget I will take you home  
You are not alone

When you're fighting on your own  
On the day the darkness comes  
I will find you  
Save you  
Baby

[chorus]
