Here's a shocking revelation for you voyeurs  
 Such a heinous deviation, there are no cures  
 I'm a mineralist, I'm a mineralist  
 JUst the thought of ironing gives me spasms of lust  
 I creep up to hold wrecked cars and lick off the rust  
 I'm a mineralist, I'm a mineralist  
 Mother used to try to metal in my affairs  
 Keep your nose up off that grindstone, people will stare  
 Get the lead out of your pants and change your  
 underwear  
 I've been stealing baby bottles since I was born  
 I'll go blind from balling bearings, doctors have warned  
 I like making out with steel-rimmed glasses more than  
 horned  
 Erik Satie gets my rocks off, Cage is a dream  
 Philip Glass is mineralist to the extreme  
 I like tickling ivories and fingering stones  
 When my mercury goes up I play with my bone  
 People take for granite my pervversion is wrong  
 I'm not harming anyone by beating my gong  
 I'm a mineralist, I'm a mineralist  
 I'll make love to minerals as long as I can  
 And in fifty years I'll be a jaded old man  
 I'm a mineralist  
 I'm a mineralist  
 I'm a mineralist, I'm a mineralist
