(Plaything)

Plaything, that's all I was to you

(But now)

But now your little game is through

Playgirl (ah-ha)

Stop knocking at my door (whaa-whaa-whaa)

I'm not your plaything anymore (aaah)

Your love (your love)

Was only make believe

Some tricks (some tricks)

You carried up your sleeve

I'm through (he's through)

No need to walk the floor (whaa-whaa-whaa)

I'm not your plaything anymore

I gave my love

My all to you

Because I thought you loved me too

I wanted your love

Yes, all the way

But no, not you (nooo)

You wanted to play

Playgirl (ah-ha)

Your little playthings gone

Gone out (gone out)

To learn a different song

Bye now (bye now)

I'll see you never more (aah)

I'm not your plaything anymore

(Plaything)

Plaything, that's all I was to you

(But now)

But now your little game is through

Playgirl (ah-ha)

Stop knocking at my door (whaa-whaa-whaa)

I'm not your plaything anymore (aah)

Your love (my love)

Was only make believe

Some tricks (some tricks)
You carried up your sleeve
I'm through (he's through)
No need to walk the floor (whaa-whaa-whaa)
I'm not your plaything anymore

I gave my love
My all to you
Because I thought you loved me too
I wanted your love
Yes, all the way
But no, not you (no)
You wanted to play

Playgirl (ah-ha)
Your little plaything's gone
Gone out (gone out)
To learn a different song
Bye now (bye now)
I'll see you never more (aah)
I'm not your plaything anymore

(Bye now)
