Snap back a little minute there,
And I got my bag turned out the same routine again,
Its really not like that darling,
We were just kids and we were trying to start again.

Taking the first steps.

I heard that you needed this and I appreciate that, I
appreciate that.
Special dispensation is well and good but we're not in a
war this isn't like that.

Taking the first steps.

And this view of your back is worth something more
than that,
There is a picture of this victory in every wartime
gallery.
And the back of your hand is a monument to that,
it is a monument to that, it is a monument to that.

Croatia calls me late at night and Israel beckons me,
Jerusalem.
My list of things to do before I met you come on let's
learn how to live.
Taking the first steps.

Spent my day spurning out this shit from this ditch and
I'm fed up with it.
Could have wrote back,
Helped to pick me up
Your lack of adventure's why we lost this war.

Taking the first steps.

And this view of your back is worth something more
than that,
There is a picture of this victory in every wartime
gallery.
And the back of your hand is a monument to that,
It is a monument to that, it is a monument to that.

You're in a gallery you're in a gallery.
