Tears come pourin' down my face,
no one knows how I feel.
I wanted to show you, all the fellings that are real.

Don't look at me like that,
coz' i know i did nothin' to you.
I'll show you all the things,
that you've put me through.

It is not a compliment,
it is words from my heart.
And that's how they will be.....

Chorus:

Everything is, JUST MINE!
Every part of my life is too,
Every feelin' i feel,

I CAN NOT LIE!
Coz' every time i try, i get put through hell.

What do you think of me?
and how do you feel bout' me?
Why do you hate me,
coz' i know i did nothing to you.
