He'll comply with my every demand
My Valentine will know who's in command
(Will he be good in school?)
He'll do my homework every night
(What if he's a fool?)
He'd better get the answers right

He'll honor and obey,
He'll do just what I say,
My Valentine
(My Valentine)

(He'll hold you in his arms)
I'll show him moves he's never seen
(He'll woo you with his charms)
He'll know his Cindy is supreme

He'll honor and obey,
He'll do just what you say,
Your Valentine
My Valentine

Whoa, whoa, whoa

Scold him and keep him down
Slap him just for talkin' back, ooh-whoa
One wrong move, and he's out the door
And that's a simple fact

(Will you belong to him?)
Yeah, right, that's in your dreams
He'll clean my house until it glimmers and it gleams

He'll honor and obey, (Ooh-la-la-la-la)
He'll do just what I say, (Ooh-la-la-la-la)
My Valentine
(My Valentine)
Yeah.
