You know  
It's like when I feel really crazy  
I just get my broom and fly away  
I go real real far away

That's... that's... that's just what we do  
You know, I mean we we wear straight jackets  
And we we... we... we stay in you know padded rooms  
And you know... and fly away

So I'm up in Mandalay eating mangos  
Keep a couple pink toes in my sandals  
Got some bangles all over my ankles

But for buh; buh; buh; buh -

And I am flyer den reindeers in da winter

If we in the oval office then his lights out.  
Cause I am the wicked witch I'm the nickster  
And I keep a bad bitch on my jickster

But I leave her in a second for a thick girl  
Rockstar little mama with a guitar
