Yeah yeah  
Ooooooh yeah  
Yo, I could've been had fame  
Jumps shot with a stupid ass aim  
Cause you couldn't get around the last name  
So my crossover wins the last game  
And it's ill, right  
Switched up the flow, but it's still right  
Go back to that, yea I still might  
I'mma just do me, when it feel right, uh  
You can bring it any day  
Natural Bad Ass, NBA  
That's my initials  
That's why officials  
Don't blow the whistle  
Bang Bang the pistol  
And I'm bossy  
Can't keep these hoes up off me  
Damn the flow nasty, coffee  
Don't you do like the Pope and cross me

Chorus:

Yea this is my last chance ohhh, last chance ohhh  
Yea this is my last chance, then shoot  
I'm ready to shoot  
I'm ready to shoot (ready to shoot)  
I'm ready to shoot (ready to shoot)  
I'm ready, I'm ready to shoot (ready to shoot)  
I'm ready, I'm ready to shoooooot  
I'm ready to shoot

I get it in though  
No sexual inuendo  
Nobody that I can just depend on  
Until I touchdown in the end zone  
And then they come out like roaches  
Pa Peck Pecking away like vultures  
But little did they know  
Distribute the payroll  
Pick up the outfit, pick out the single  
Sadly, I'm so business savvy  
Similar protocol but the templates vary

Never been like me and never been like this  
My flows are crisis  
They scream in high pitch  
Uh, gun cock, pause

And I'm well aware of the gun laws  
Telling 'em that I'm gunning for the top, Forbes  
Headed to the top dot org

Chorus:

Yea this is my last chance ohhh, last chance ohhh  
Yea this is my last chance, then shoot  
I'm ready to shoot  
I'm ready to shoot (ready to shoot)  
I'm ready to shoot (ready to shoot)  
I'm ready to shoot (ready to shoot)  
I'm ready to shoooooot  
I'm ready to shoot

All the days of my life I have been waiting for this time  
Could you believe now it's right before my eyes  
Anybody trying to stop me better not fuck with me this  
time  
Shoot, I am ready to shoot into the sky

Chorus:

Yea this is my last chance (ohhh), last chance (ohhh)  
Yea this is my last chance, then shoot  
I'm ready to shoot  
I'm ready to shoot (ready to shoot)  
I'm ready to shoot (ready to shoot)  
I'm ready to shoot (ready to shoot)  
I'm ready to shoooooot  
I'm ready to shoot

I've only one chance one bullet in the gun  
This is my life and I only got one yea  
The safeties off and I put it on stun  
Ohh stick 'em up, stick 'em up (ready to shoot)  
I've only one chance one bullet in the gun  
This is my life and I only got one yea  
The safeties off and I put it on stun  
Ohh stick 'em up, stick 'em up (ready to shoot)  
Yeah yeah  
I'm ready to shoot  
This is my life and I only got one yea  
The safeties off and I put it on stun  
Get ready  
I'm ready to shoot
