You might can get it
Might can hit it
But I gotta run
And when you get it
Don't be tellin where you get it from
I know you young but
You know I like that young money
So hurry up the president about
To come for me
See little boy
I can be your little teacher
And if you ballin
Meet me behind the bleacher
And when we done ima
Charge you for the feature

Excuse me I'm a little bit moody
Them other little girls got the cooties
I mean really
Look all these hooties
I mean hooters
Scuse the bloopers
Ah the bloopers
Scuse the bloopers
You like hooters?
Look at these hooters
I wanna ride on the
Back of your scooters
Ill get you real smart
Without a tutor
