chorus:

you see right through me.
how do yall do that shit x3
how do yall x5
[x2]

verse 1 :

You let me win
You let me ride
You let me rock
You let me slide
And when they looking
you let me hide
Defend my honor
protect my pride
The good advice
i always hated
But looking back
it made me greater
You always told me
forget the haters
Just get my money
just get my weight up
Know when im lying
know when im crying
It's like you got it
down to a science
Why am i trying
no u aint dying
I tried to fight it
back with defiance
You make me laugh
you make me hoarse
From yelling at chu
and getting at chu
Picking up dishes
throwing them at chu
Why are you speaking
when no one asked you

chorus :

you see right through me.
how do yall do that shit x3
how do yall x3
do that shit
[x2]

verse 2:

chorus:

What are we doing
Could you see through me
Cuz you say Nicki
and i say who me
And you say no you
and i say fuck you
Then you start dressing
and you start leaving
Then i start crying
and i start screaming
The heavy breathing
but what's the reason
Always get the reaction you wanted
Im actually fronting
im asking you something,
YO, Answer this question
class is in session
Tired of letting
passive aggression
Control my mind
capture my soul
Okay you're right
just let it go
Okay you got it
its in the can
Before i played it
you knew my hand
You can turn a free
throw into a goal
Nigga got the peep
hole to my soul

[chorus]

stop ohhh..
..stopp ohhh.
would you just stop looking through me cause i just
can't take it.

no i can't take it.

[chorus]

you see right through me.
(you see right through me baby)
you see right through me x2
....yeah yeah
