[Nicki Minaj - Verse 1]

Why'd you have to leave in July
On a peaceful and serene summer night
I wish that you would have waited until September
Just a couple more memories to remember
I guess I have to pay you back to your lender
I guess I have to send you back to the sender
But then again maybe you gone til November
And maybe this is just part of the agenda

[Chorus]

Why'd you have to go so soon?
We miss you, we miss you, we miss you
We miss you, we miss you, we miss you
We miss you, we miss you, we miss you
We miss you, we miss you

[Nicki Minaj - Verse 2]

Why couldn't you come right home
When you seen the text message in your phone
I should have put my private ? to come and find you
I coulda told you 'bout the niggas thats behind you
Could have told you all about my intuition
I could have even bought the extra ammunition

But now you mo-mo-mo-moved on so f-ck you
Should've known from day one I couldn't trust you

[Chorus]

[Nicki Minaj - Verse 3]

Why would they take you from me
Why the doctors could not stop the bleeding
If you in a better place then you're free
Well then, why can't they make me believe it
You said that you will leave these streets
And I know you didn't mean in a body bag
But now you see you not bullet proof
And I'm mad 'cause you're the best that I've ever had

[Chorus]

I'll never love again, I'll never love again
I'll never, I'll never, I'll never love again
I'll never love again, I'll never love again
I'll never, I'll never, I'll never love again

What would you suggest that I do now?
Why'd you leave
I hate you!
