"Say Goodbye"

It's time to step outside
These walls you call my life
And take a long, hard look
At who I am

I've never been the one to fly
Never known how or why
But tonight
It's all wearing thin

I've caught glimpses
Of who I want to be
The only thing standing
In my way is me

Say goodbye
To the girl you used to know
Say hello
To the woman you'll never know

Guess I could blame myself
For being something less
And being too afraid
To make my stand

I've been caught down
And held down
In self-created chains

So please let go
As I close the door
And walk away

Say goodbye
To the girl you used to know
Say hello
To the woman you'll never know

Say goodbye
To the girl you used to know
Say hello
To the woman you'll never know

To the woman
You'll never know
