Greed for cash causes you blindness  
Creates obsession for might and fame  
Guide the flames for the endless time  
Unleashes your desire

Greed, obsession, it burns in you, desire  
For more and more  
Greed, obsession, attracts a new, desire  
For more and more

Your inner addiction, destroys your life  
Not noticed your brain eaten back to life  
Contaminates your thoughts  
Destroys your life more and more

Greed, obsession, it burns in you, desire  
For more and more  
Greed, obsession, attracts a new, desire  
For more and more

Desire makes you mindless  
It kills every emotion in your heart  
Releases the pressure from your soul  
Estranged from society of man

Greed, obsession, it burns in you, desire  
For more and more  
Greed, obsession, attracts a new, desire  
For more and more

Greed, obsession, more and more, more and more  
Greed, obsession, more and more, more and more  
Greed, obsession, more and more, more and more
