Life wiped out love shattered  
A human delusion that never rests  
Lost all faith fall into hate  
Mankind was in blind rage

Human blood, human blood  
Unlearn to forgive them, undo me here  
Disclaim all I gave you, disdain me now

Unleash the vigor of belief  
The eminent power of human being  
Carnage and burn in their destiny  
Determined handling in fatal distress

Human blood, human blood  
Unlearn to forgive them, undo me here  
Disclaim all I gave you, disdain me now

Unlearned to forgive you  
Disclaimed all I gave you

Human blood trust in mankind  
Human blood trust in mankind

Unlearn to forgive them, undo me here  
Disclaim all I gave you, disdain me now  
Unlearn to forgive them, undo me here  
Disclaim all I gave you, disdain me now

Human blood
