It's a neverending fight - no colors - no hope - no light  
The unwinnable game - no winners - no go - no life  
Seduced by the pain of devastation - and the seizure of  
senses  
Confused by shame of desecration - and the feaze of  
bleeding fences

This is a homage to my heroes  
This is a tribute to my gods  
To my gods

At the end of all days I will see you again  
Infinity darkness forever  
At the end of all time your heart will kiss the flames  
Will kiss the flames

With the beginning of dawn arises infinity  
Infinity darkness forever  
At the end of all days the end of all time  
Forever

It's a neverending dream - no fear - no sun  
It's a neverending trip - no return - no rebirth  
Imagination is just an act of desperation - to escape the  
fate  
And trust died in the love of declaration - to fall into the  
waste

This is a homage to my heroes  
This is a tribute to my gods  
To my gods

At the end of all days I will see you again  
Infinity darkness forever  
At the end of all time your heart will kiss the flames  
Will kiss the flames

With the beginning of dawn arises infinity  
Infinity darkness forever  
At the end of all days the end of all time  
Forever

Don't leave the darkness by entering the light  
Don't leave peace behind by beginning to fight  
To fight for my gods

At the end of all days I will see you again  
Infinity darkness forever  
At the end of all time your heart will kiss the flames  
Will kiss the flames

With the beginning of dawn arises infinity  
Infinity darkness forever  
At the end of time the end of all days  
Forever
