Total darkness, utter silence, no sentiment  
The sound of falling sand  
A gleam of light, a gust of wind, a silent shadow  
A sense of flapping winds

Bloodless, meatless, without a body  
The soul leaves the old remains  
Helping hands, sweet voices, enticing offers  
A long journey into subconscious

Familiar faces, familiar voices, old thoughts  
Is this the life or final death?  
Old life, old sins, lasting temptation  
A new journey through my other self

Total darkness, silent voices, beating heart  
A new body of flesh and blood  
Total darkness, silent voices, beating heart  
A new body of flesh and blood

Childish feelings, familiar feelings, old memories  
Becoming weak, a new life awakens  
New beginning, new mistakes, new sins  
Till death settles for a new life

Only once a lifetime  
Only once a lifetime  
Only once a lifetime  
Only once a lifetime

Total darkness, utter silence, no sentiment  
The sound of falling sand  
A gleam of light, a gust of wind, a silent shadow  
A sense of flapping winds
