Miss friday put it down
There's a train wreck coming 's gonna take you out
I know you're living at the top o' them steps
Well hey one day I'm gonna get there too
And you say
Wake wake up get out o' your head
You gotta wake wake up get out o' your head
You got a lot to live
You got a lot to live for
So bye bye misery
I'm gonna cut you into three
And I'm gonna stay
I'm gonna stay

Miss friday don't you know
I don't really care about taking it slow
I'm gonna dream about the fire in your eyes
I'm gonna sleep all day
I'm gonna give 'em hell
And you'll say wake wake up get out o' your head
You gotta wake wake up get out o' your head
You got a lot to live
You got a lot to live for
So bye bye misery
I'm gonna cut you into three
Bye bye misery
I'm gonna stay
I'm gonna stay

Miss friday put me down
There's world out there
But you know
I don't really care

Miss friday put me down
There's world out there
But you know
I don't really care
