Hold on, when the train is moving  
Through the sound of change  
And tell those boys back in town  
That there will be a call

Ooh, train is comin' on  
Ooh, train is comin' on  
A train is comin' your way  
And it sounds like  
Just like a chase  
Straight through the season

Or why not through your heart  
It makes us see the strength  
That surrounds us in all our failures  
Just like the train  
In the film Doctor Zhivago

Ooh, train is comin' on  
Ooh, train is comin' on  
A train is comin' your way  
And it sounds like  
Just like a chase  
Straight through the season

And without a reason  
It just blows away  
'Cause you like the sound of it  
It sounds like this
