We lay the law down
Cause it's our own town
We say how we feel
Cause we want to keep it real
On the outside of this life
People think we live a lie
But this is how it goes
And I think that you should know

We make the first move
Were so smooth
Everybody clears the way
So we can have our say
Somebody pinch me
I'm not a loser after all
Looks like I've got a shot
When I'm with my entourage

Ooh my kind of people
We know what we want
Got the highest on our minds
And we won't settle for dime
Keeping ourselves in check
That's why we earn respect
I know this is foreign to your ears
Put aside your ego
And you'll be with my peers

We make the first move
Were so smooth
Everybody clears the way
So we can have our say
Somebody pinch me
I'm not a loser after all
Looks like I've got a shot
When I'm with my entourage

We may not get it right
Were just trying to live our lives
Don't care who watching us
Cause were have fun
You only get one life

So try to make it right
Hang with the folks you love
And you'll be alright

We make the first move
Were so smooth
Everybody clears the way
So we can have our say
Somebody pinch me
I'm not a loser after all
Looks like I've got a shot
When I'm with my entourage
