When you're sinking so low
The good within can never show
Clouded by insecurity
Feeling like a freak
So frail and weak
But I'll be strong
Despite the pain inside
I know that I'll survive

So sorry
Mirror mirror on the wall
So what if I might be wrong
They can't tell me who I am
Today I will defy them
So what if I'm not pristine
This is who I'm gonna be
So mirror mirror on the wall
I don't care if I am wrong

Gotta let your star shine true
No matter what you are going through
Can't let luck be the opposite
Of what I'm supposed to get
So let the credits roll
And I'm ready to go
Can't let what they may think
Get in front of me

And I say
Mirror mirror on the wall
So what if I might be wrong
They can't tell me who I am
Today I will defy them
So what if I'm not pristine
This is who I'm gonna be
So mirror mirror on the wall
I don't care if I am wrong

Today's the last day I give fronts
I think I've had about enough
So go and mock my name
I know you've heard it

Things will never be the same
Decreeing a new law of change
Best believe if you don't see
This is who I'm gonna be

I say
Mirror mirror on the wall
So what if I might be wrong
They can't tell me who I am
Today I will defy them
So what if I'm not pristine
This is who I'm gonna be
So mirror mirror on the wall
I don't care if I am wrong

So mirror mirror on the wall
I know that I can't be wrong
