Me and my friends
Blasting the radio
Cruising all night long
We hope this party never ends
Just loving what we have
I got my first paycheck
Y'all better hold on tight
Cause I'm ready to spend it

Were riding and were rolling
Strolling chevroleets
On our late night escapade
The oh so lavish
The fo fuh fabulous
But we just wanna give in
Cause we've love to spend
And in case you didn't know
That's how we go
On our payroll

I'm living in dreamland
Here I'm far from nothing
My knees are getting so weak
I just want to buy everything
I'm rocking levy jeans
At the expense of a money machine
Time is no object
I've only started
And everything I see
Looks like it is green

Were riding and were rolling
Strolling chevroleets
On our late night escapade
The oh so lavish
The fo fuh fabulous
But we just wanna give in
Cause we've love to spend
And in case you didn't know
That's how we go
On our payroll

It costs this flawless
Is what it means to me
Everything from head to toe
And all the shiny things
You don't have to buy a diamond
To please me
All of life's simplest things
Will give me everything
I'm not a fool baby
I still love to shop
I just like to show boat
On little things I got

Were riding and were rolling
Strolling chevroleets
On our late night escapade
The oh so lavish
The fo fuh fabulous
But we just wanna give in
Cause we've love to spend
And in case you didn't know
That's how we go
On our payroll
