Sitting on the steps  
With an empty life  
There's nothing left  
But the heart of a rocker  
And a handful of dreams  
Though he wants to soar  
He has no venues to explore  
But the melody inside  
Will awaken new doors

So you're searching  
And still you can't find  
The missing piece inside  
To change your life  
But don't you worry for long  
You will always be strong  
Through the music

Aspirations yearned  
For the longest time  
Your wants have grown  
To an ultimate fight  
You're not willing to give in  
But your journey begins  
On the ride that never ends  
Music can go so far  
When it comes from your heart

So you're searching  
And still you can't find  
The missing piece inside  
To change your life  
But don't you worry for long  
You will always be strong  
Through the music

So when you're all alone  
Wondering if your dreams are lost  
Look inside yourself  
There lies all your help  
And listen to that inner voice  
With her you only have one choice

Don't shrug yourself  
When you have pride  
To keep gift of music alive

So you're searching  
And still you can't find  
The missing piece inside  
To change your life  
But don't you worry for long  
You will always be strong  
Through the music
