Got a call from my old friend
Said she fell in love again
But there's one thing she should know
Real ture love will only grow
Grow like flowers from the rain
Mystery I can't explain
But this one thing I can do is lay out the facts for you

True love is faithful
Like spring in April
It is as dependable as time
And it is able
To hold on and survive
When other love might say goodbye

Chorus
If you wanna step to me
You better know one thing
This love I got you'll never get
Without a wedding ring
(Repeat)

Friend called back said can it be
I love him, him love me
But he said he'll never wed
Rather play the field instead
Feilds of taller grassy green
Kind ya find in magazines
Well I said if that be so
By all means then let him go

True love is faithful
Like spring in April
It is as dependable as time
And it is able
To hold on and survive
When other loves might say goodbye

Chorus

A to the B to the C

Elementry fundamentals is the way you found me
I was lost, lost as could be
Also blind but now I see
(repeat)

Chorus

What I got is priceless
What I got is special
What I got is precious
(repeat 4 times)
What I got is priceless!
