"Without You"

Earth without space
Clock without face
Ocean with no water
Sun with no moon
That's me without you

Verse 1:

Let me take a moment to smell the roses of my life
All the things I treasure you supply.
The love of a mother
And a heartfelt press of a child
Laughter with my good friends my babys smile
Ooo ooo

Chorus:

Every sunrise
When my skies are blue
Breath of heaven
I feel you
With each heartbeat
My soul is renewed
Can't live my life without you

Verse 2:

I hope it never happens
But on any given day
My whole world could shatter and fade away
But after all the heart aches
And tears that I cry
You'd be there to comfort me
Till again I'd realize

Chorus

Hook:

It only took one moment
And I surrendered to your grace
See I'm yours forever
And right here here is where I'm gonna stay
Whenever I think of you
You take my breath away

Please believe me
And receive me
I offer my life

Chorus (2x)

I can't breathe

I can't breathe

Without you

I'm totally depending on your glory
But without you I can't (without you)
Do anything

With
Out

Without you
