I didn't mean to make you cry, love
But I didn't know I was hurting you so
Oh, ohhh, oh
You're all my life, you're the only man I love
And I could never say of letting you go

'Cause not a second, not a minute ever go by
When I don't have you here in my mind
So stop all this talking and listen to me
You're everything I want
You're everything I need

[Chorus:]
How many times do I have to say it
Over and over and over and over again?
I love you (I love you)
I need you
(x2)

Have faith in my love
Have faith in you and me
'Causse when it comes to my heart
You're the lock and the key

'Cause not a second, not a minute ever go by
When I don't have you here in my mind
So stop all this talking and listen to me
You're everything I want (everything I want)
You're everything I need

[Chorus]

I'm maybe I don't come home as early as I should
I know I forgot to call all those times
I said I would remember
But keep in mind, I'm only human (I'm only human)
And I will have our ups and downs
When it comes to the way I feel for you
I don't care about anyone else, I don't even give a

damn

[Repeat Chorus til' fade]
