Ooooooooooooooh, ooh ooh ooh  
Ooh ooh ooh

Sunshine ain't no friend of mine  
(sunshine, snshine)  
Only rainy days and cloudy skies  
(Only rainy days and cloudy skies)

Dum diddy dum dee dum dum  
I was a fool 'cuz I thought you were the one  
Stop! I cannot take this anymore  
Everything you say has just gone right out the door  
Why was I the last to know?  
You were cheatin' on me so  
'Cause..

CHORUS:  
Sunshine ain't no friend of mine  
Only rainy days & cloudy skies  
Since you've come into my life  
I asked myself why, why

He seems fa-la-la-la-la as he walks in my door  
He looks so good and it makes me want him more  
No, I cannot do this to myself  
I'm in love with face but now with nothing else  
Heaven only knows so well  
I guess there's nothing left to tell

CHORUS

Why does the rain keeps on fallin' down on me?  
Why does it faze so easily?  
And why does my heart actin' up inside of me?  
I cannot feel anything else on the edge around me  
except me

CHORUS x3
