My love, I don't know where to start this  
'Cause I don't know where it ends  
I wanna try and say things  
I'll never had the courage to send

Baby, believe me when I tell you  
You have made me a new heart  
Remember us in Amenjena  
If we could just go back to the start

'Cause I've lost paradise in crying  
I wanna be done loving you  
But giving up feels like I'm failing  
And that's just not what I do

Oh, if only it could be easy  
Oh, if only this could be easy

It isn't fair, it isn't perfect  
For me you've always been enough  
And I know it's hard to see  
When you don't believe it  
If you could just only trust

'Cause we had the sweetest California  
Baby we were free, we just drove  
Right of the cliff and now we're hanging  
And we just can't let go

If only it could be easy  
Love, why can't it be easy  
Why can't it be easy

Easy like when you shot me  
Oh, why don't you fight for me  
I'm losing myself  
I'm just losing myself

Can anybody save us now  
'Cause I don't know how, how, how

I see the sun in a distance

Just keep on moving with the wind  
Goodbye Geneva  
Not going back there again

Ooh, but don't you know  
I'd paint the skies for you  
Blow it up in lights for you  
If that could make a change

I forgive the night we died  
Bring Amenjena back to life  
If that's all it would take

If only it could be easy  
Ooh, love why can't it be easy

Whatever it may be  
Let's make it easy  
Let's make it easy, just make it easy  
Baby easy, easy, ooh easy, ooh easy
